

Dear Church Family, Visitors and Friends,

We are currently renovating the entire third floor of our main church building to create a new space for Children's Ministry called The Attic! The Attic is 5,000 square feet of space specifically designed for kids Kindergarten through Sixth Grade.

We want our new children's space to be fun, engaging and different from other areas in our church. A space just for kids that will connect with them on their level and inspire their curiosity and excitement.

Our new space will look like the children took over an Attic and made it into their own private clubhouse! It will be filled with old pictures, retro toys and classic sports equipment, trunks and trophies, books and board games, costumes and heirlooms and more!

This is where we need your help. We have a list of things we want to put in our Attic and we are inviting the congregation to donate these items.

We are looking for very specific items (ideally from 1930's-1980's) that are in good condition and we only need certain quantities. In other words, we don't need last year's tennis shoes or things that are falling part or smell bad. And we can't use 15 bowling balls or 10 trombones. For that reason we ask that if you have any of these items and you would like to donate them to the project please call the church office first (442-4544) or text or email pastor Chris a picture of your item to make sure it is something we can use. And if you have something really special that is not on the list, please give us a call and we will see if it fits our theme.

If we can use it we will ask you to drop it by our church office between now and the end of September. With that being said, go dig in your basement, garage or attic and help us fill our new space with some cool history and interesting pieces to spark our children's imaginations! And thank you for supporting our church and our children's ministry!

—Pastor Chris

# Donated Items Requested For The Attic:
